The weather was cold, YK had a bad cough, and we were exhausted

from a busy season of speaking and teaching. But right from day one, we tasted of God's favor and goodness during the 10 days of ministry in Hong Kong. Here's how:

1. GOD MET ALL OUR NEEDS

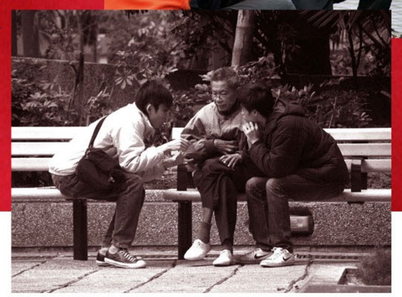
We went to HK on 29 Dec 2008 mainly to speak in a camp for 400 university students, and to conduct team-building workshops for the HK Campus Crusade staff. From airfare to food, lodging, strength for each day and warmth at night, God met all our needs. We even went to the Peak on 31st Dec and celebrated Julienne's 22nd birthday. It was a mountain-top experience.

2. warm reception of campers

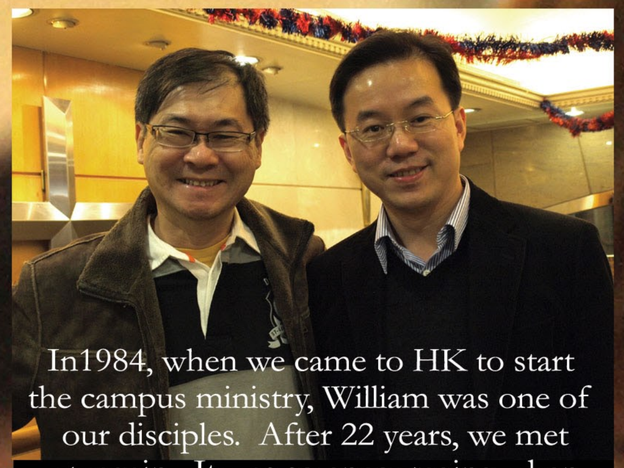
"When Is It The Right Time to Serve The Lord?" This was our message at the camp. On the second night, God's Spirit moved mightily. Forty-eight students stood up for full-time commitment, and more than 300 dedicated their lives to God. After being in ministry for 33 years, it still amazes us that people would listen to what we say. Praise God for His favor and grace.

3. HEAVENWATERBOUNDARY

'Tin Shui Wai' (heaven water boundary) is a migrant area near the Chinese border. On the third day of camp, all 400 of us went there for outreach. Besides sharing Christ on the streets, we worked with a local church to organize games and free medical services for the largely poor community. As we watched the undergraduates share Christ boldly, we felt very blessed to be in a movement that believes in 'winning the campus today, and the world tomorrow'. That day, we shared the gospel with 780 persons. Close to 340 received Jesus by faith.



4 meeting WILLIAM



In1984, when we came to HK to start the campus ministry, William was one of our disciples. After 22 years, we met up again. It was so encouraging when the father of two and successful businessman told us over dinner, "Much of the most important things about Christian living, I learned them as a student through Campus Crusade."

5. BEING WITH THE HK STAFF

We enjoyed our time with the HK staff. The young ones loved our stories of the 'beginnings'; the older ones wanted to know how they could stay fruitful and passionate in ministry. We are very thankful. God loved us so much that He allowed us to serve in HK during the 80s, and now to spend the first week of 2009 with the HK workers, many of whom we feel very close to our hearts.

Roland & Ying Kheng
jan '09

Thank you for your prayers and support. During this trip, we had felt spiritual warfare, but we also experienced much breakthrough through the prayers of the saints. All praise to our Lord Jesus Christ, our 'shade', 'protector' and 'guard' forever (Psa 121: 5-8).
