Re-potting Needed to Bear More Fruit!

The seed of CEF Macau was planted in November 2000. It has grown from two staff members to five with the addition of summer missionaries, volunteers and teachers over the years. Thousands of children have been reached with the Gospel and hundreds of teachers have been trained. Praise God for this fruit!

As a plant outgrows its pot, it needs to be re-potted into a larger one so the growth won't be hindered and it can blossom and bear fruit. CEF Macau has grown, blossomed and is bearing fruit, but there are many more children ready and waiting to be reached!

We are trusting God to provide US\$385,000, the right location and price for our new office! Will you "join hearts with us to reach children's hearts" and give what the Lord lays on your heart?

CEF® of Macau 2008 Ministry Report

CEF Training Ministry	Number	Teachers Trained
Leadership Training Institute	1	19

“He is like a tree planted by streams of water, which yields its fruit in season and whose leaf does not wither.”

Psalm 1:3

I Need Grace!

Praise the Lord for this time in Singapore where I am growing deeper roots, receiving nourishment and being better equipped for His service.

Just as plants need to adjust to new surroundings, I also had to adjust to a new country and seminary life. It was not easy coming from cool San Francisco (46-58F) to hot Singapore (75-89F) with relative humidity up to 97%. The room that I rented at first did not have air conditioning. Hence, I had a hard time sleeping and concentrating in school.

Praise God that in May, He provided a new accommodation for me that I consider my home away from home. I am now sharing a flat with two American ladies who are teachers.

I thank God for the East Asia School of Theology (EAST) family. My professors not only teach content, but also are examples of love for the Lord. My first quarter was overwhelming because I took more classes than I could handle. Through it, the Lord taught me to grow a root of grace. I have learned that it is OK to need grace, ask for it, accept it and to give grace to others.

All students at EAST are required to do practical ministry while studying. Every Friday afternoon I have joined Campus Crusade for Christ in reaching out to international students on Singapore university campuses.

What a joy to see a new believer, LiJing, whom I have been discipling, hunger for God's Word! As we studied about Jesus' betrayal, death and resurrection, she asked a good question, "Why didn't Jesus stop Judas from betraying Him if He is God?" Furthermore, she brought her friend to hear about Jesus. It was exciting to see her plant a seed in her friend's heart. May the Lord use His Word to speak to her friend.

Between mid-May and mid-June, I spent time at home. Attending my father's 70th birthday celebration was the highlight. Dad beamed as family and relatives sang "Happy Birthday!" My prayer is that the seed of the gospel that has been planted in my parents' hearts will sprout.

I have sensed God's presence and help through your prayers during my transition to seminary life in Singapore. May the Lord rain showers of blessings upon you!
