

## SOWING AND REAPING

I just finished teaching Advanced Evangelism and Discipleship at East (East Asia School of Theology). As I was preparing this course, I asked the Lord for His input as to how I could help to grow the students in the practical aspect of evangelism and discipleship. The Lord impressed my heart to do field ministry with the students so that there would be a mutual observation, evaluation and learning. In the course of ten weeks, we had the privilege to witness to more than thirteen people and five accepted Jesus into their lives! I thank God for giving me the privilege to witness to the family members of some students. Besides witnessing, I also had the privilege to observe some students as they led their cell groups or discipleship groups. It is encouraging to see how God is equipping our students so that they can better equip others.

My church is organizing a Family and Friends' Appreciation night on Oct 10<sup>th</sup>. God is faithful. We saw how God stretch our faith in the invitation of family members and friends. We thought only thirty tables would be filled. But God surprised us by filling up fifty-eight tables and among these people, about 340 are pre-believers! We believe God will use Kelvin Soh's testimony and songs to touch hearts and there will be a great reaping of souls that night. Please pray for us as we venture out with Him expectantly.

Glory to Our Supreme Sower and Reaper of Souls,
